# HERMÈS SUMMER STYLE GUIDE - BAGS OF LUXURY

Isn't it great that the winter is now behind us and we can look forward to the array of adventures that summer brings us? We're thinking social nautical jaunts, spontaneous city breaks and of course, wonderful garden parties! While all these occasions (and more) are something we all look forward to – nothing makes the actual event better than knowing that you're looking your best. With the number of invites reaching you increasing, you need to make sure you have a bag for every occasion. Fortunately, **Bags of Luxury** is here to lend a helping hand to ensure you exude luxury and glamour. As trusted resellers of Hermès handbags and accessories, you can rest assured that you'll stand out as a fashionista at every high profile event.

## Garden Party

You know summer has arrived when you are invited to the first garden party of the year. A perfect excuse to spend the day with old friends, sipping bubbly and sampling hors d'oeuvres. With the weather set fair, it is the ideal time to match your floral dress with a stylish tote bag. There is no better partner than this Pelouse Hermès Birkin. Pelouse is French for 'lawn' making its hue a great match for elegant garden socials. Its subtle tone will ensure your match your holistic natural surroundings, while its palladium hardware will subtly add luxury to your look. At 35cm, it is spacious enough for long events and gatherings, housing all of your trusted beauty products to make sure you stay looking your best throughout. If lawn parties are your forte, we recommend adding this prune CDC bracelet to complete your garden party look. Another earthy colour to match your environment, its soft suede skin caresses your wrist, making it an opulent addition to any event outfit.

## Regatta

When the sun is shining, there is no better place to be than by water. Regatta's are important summer events where classical style and luxury combine. In-keeping with the nautical theme we recommend this lovely Hermès Birkin. Using an exclusive shade, Blue Thalassa, Hermès have summoned the Greek spirit of the sea, making it the idea accompaniment aboard any yacht as 'Thalassa' translates simply to 'sea'. To supplement any nautical jaunts, whether they are in Monaco, Lake Como or Saint Tropez we recommend adding this wonderful red Collier de Chien belt to complete your seafaring look. Crafted with soft Epsom leather, it combines wonderfully with the navy hues of the bag creating the perfect Regatta chic look.

## City Break

There's nothing quite like jetting off for a weekend in some of Europe's most beautiful cities. From old classics such as Paris or Rome or up-coming cities such as Lisbon, Copenhagen or Berlin. With so much to explore and experience, you'll need your bag to be your best friend on this trip. You need something spacious yet stylish, therefore you need a Hermès Birkin. These bags were specifically designed for style icon and namesake Jane Birkin who wanted a large leather weekend bag to accompany her on her frequent travels. For your adventures this summer, we love this fauve Hermès Birkin. At 35cm in length, it gives you the space needed when travelling but still retains Hermès' classic luxury with palladium hardware and the matte alligator leather oozes class with its large scales. Its brown hue is perfectly neutral and goes beautifully with a pair of your favourite pastel chinos and white linen shirt.

We also recommend completing your travel-friendly Birkin with a series of classic Hermès accessories to make you stay energised and invigorated, ensuring that you make the absolute most of your time. This bright CDC belt in green malachite is the perfect accessory for any outfit, adding energy to your city breaks. Its clearly visible 'H' buckle in bright gold is perfect for summer afternoons, when you are visiting boutiques or simply flâneuring and taking in the culture.

## Evening Social

For sophisticated summer evening events, every women needs an elegant bag by her side, and there are none quite as luxurious as this black Hermès Kelly. A gorgeous accompaniment to any cocktail dress, its elegant black hue is wonderfully complemented by its gleaming gold hardware that pierces through its opaque backdrop. To add to this effect, we recommend that you add one of Bags of Luxury's bespoke accessories from its exclusive range 'The Muses'. Named after the sister of Hermès, this specially commissioned accessory line features precious metals with rare gems, all made to order in England. For this occasion, we suggest the Tavros Gold as a glamorous addition to our bag and overall outfit.

Alternatively, if you are look for a clutch bag, this shiny Bordeaux Medor is a fantastic addition to an evening dress. With refined alligator skin, it instantly illustrates opulence and luxury, and at 35cm it is spacious enough for you to fit in all your evening essentials too.

## Café Chic

While summer is great for lavish parties and extravagant events, sometimes all you need is the simplicity of socialising on a café's sunny terrace with a couple of your girlfriends. Even as you glisten in the midday heat, this lovely turquoise Hermès Kelly has a wonderful cooling effect. Its tranquil, calming colour is perfect for daytime relaxation as you sip an iced latte and watch the world go by, and at 25cm, it's a cute size for days where travelling and traversing aren't on the menu. In addition, its palladium hardware is light yet luxurious and blends in with the soothing turquoise hue. An outstanding feature of this bag is its Togo skin that reflects light fantastically, so its wonderful blue tone is further augmented on its sunny afternoons. Other benefits of this leather is that it is lightweight and finely grained, meaning you can relax and enjoy your day while your Hermès stands proud.
