

Bags of Luxury - December 2014

DEC 10, 2014 AMANDA MULL 0

Hermès only sells a tiny fraction of its handbag line on the Internet, and no Birkins or Kellys at all. That doesn't mean it's impossible to buy Hermès on the Internet, of course; it just means you have to be selective in your sourcing. At [Bags of Luxury](#), the focus is all on hard-to-find Hermès bags. The company has a huge selection of exotics, limited editions and covetable colors available, and if you don't see exactly what you're looking for, the site's personal shoppers can find it for you.
